

Rubi DT-250 EVOLUTION

10 in. Tile Saw

Description

The DT-250 Evolution tile saw from RUBI is equipped with a powerful 15 amp motor that accurately cuts tile sizes up to 24 inches and 18 inch diagonal. Precisely cuts ceramic, porcelain, granite, marble and masonry products up to 3-3/4 inch thick. The aluminum table with co-molded rubber and precision, sealed-bearing rollers offer smooth and precise cuts. The mobile base with 8" wheels facilitate transport and fast setup.
