

# BATHROOM SOAP SCUM REMOVER

## SHOWERCLEAN & SHINE FOAM

CERAMIC AND PORCELAIN TILE, GLASS, STAINLESS STEEL

### WHAT IT'S FOR

- Thoroughly cleans all bathroom surfaces.
- Eliminates soap scum, water spots, grime and limescale.
- Gives surfaces back their shine.

### ADVANTAGES

- Safe on all bathroom surfaces – fixtures, glass, shower stalls, tubs, walls and floors.
- Ready to use: just spray and wipe.
- Active foam formula: clings to surfaces and does not drip.
- Ideal for mosaics.
- Does not harm acrylic tubs.
- Does not damage stainless steel fixtures.
- Cleans and deodorizes: leaves the room with a pleasant mint and white musk scent.
- Contains biodegradable ingredients.

### HOW TO USE IT

Spray **SHOWERCLEAN & SHINE FOAM** directly on the surface, let sit for a few seconds, then rinse well with a damp sponge.

**Caution:** Do not use on polished acid sensitive materials such as marble, limestone or travertine. Use carefully on adjacent stone surfaces to prevent contact.

**Storage temperature:** Between 41°F and 86°F (5°C and 30°C). Must be applied at temperatures between 41°F and 86°F (5°C and 30°C).

**FOAMING ACTION CLINGS TO VERTICAL SURFACES AND ELIMINATES SOAP SCUM, LIMESCALE AND WATER SPOTS.**

**SAFE FOR METAL TRIMS.**
