

## SUGGESTED TOOLS AND MATERIALS / HERRAMIENTAS Y MATERIALES SUGERIDOS

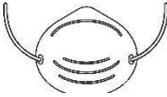

### Gather the necessary tools and materials:

Because each installation is unique, the following tools and materials may be required: level, tape measure, drill and appropriate bits for your wall material, hammer (if needed for anchors), screwdriver, safety glasses, dust mask, suitable mounting hardware (screws and anchors), pencil, and cloth.

### Reúna las herramientas y materiales necesarios:

Debido a que cada instalación es única, es posible que se requieran las siguientes herramientas y materiales: nivel, cinta métrica, taladro y brocas apropiadas para el material de la pared, martillo (si es necesario para los anclajes), destornillador, gafas de seguridad, máscara antipolvo, hardware de montaje adecuado (tornillos y anclajes), lápiz y paño.

### Before You Begin / Antes de comenzar:

- (This section applies where applicable)
  - Include any necessary preparation steps for both the installation space and the product itself, such as ensuring walls are free of debris, the floor is level, and the area is clear for a smooth installation process.
  - When installing this product, please wear safety goggles and a dust mask to ensure safety.
- (Esta sección se aplica donde sea aplicable)
  - Incluya cualquier paso de preparación necesario tanto para el espacio de instalación como para el propio producto, como asegurarse de que las paredes estén libres de escombros, que el piso esté nivelado y que el área esté despejada para un proceso de instalación fluido.
  - Al instalar este producto, utilice gafas de seguridad y una máscara anti-sol para garantizar la seguridad.

## INSTALLATION INSTRUCTIONS / INSTRUCCIONES DE INSTALACIÓN

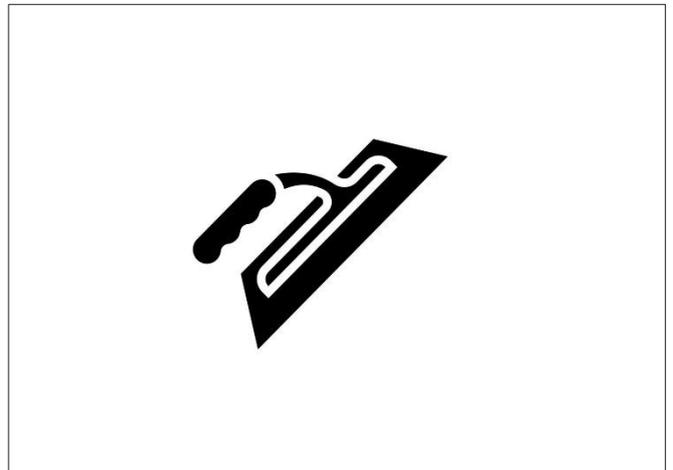

1

Determine the height and placement of the corner marble shelving.

Determinar la altura y la ubicación de la estantería de mármol de esquina.

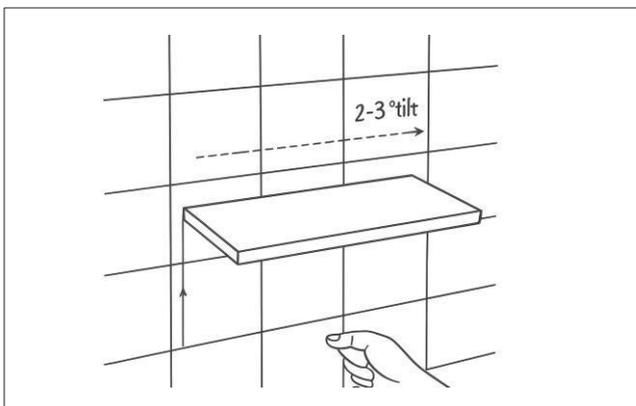

2

Tile the wall up to the predetermined location of the shelving

Coloque azulejos en la pared hasta la ubicación predeterminada de las estanterías.

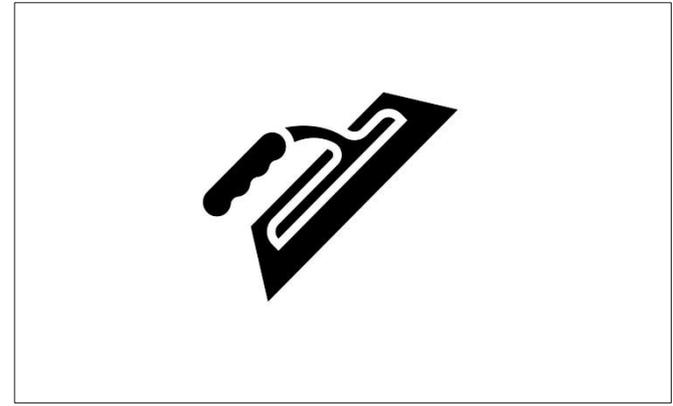

3

Hold the shelving on the edge of the tile below and determine how much of a groove needs to be cut from the next row of tiles above, to accommodate the height of the shelving. Allow for a 2–3-degree tilt in the shelf installation to enable better water drainage.

Sujete la estantería por el borde de la baldosa inferior y determine qué parte de la ranura debe cortarse en la siguiente fila de baldosas superior para ajustar la altura de la estantería. Deje una inclinación de 2 a 3 grados al instalar la estantería para facilitar el drenaje del agua.

4

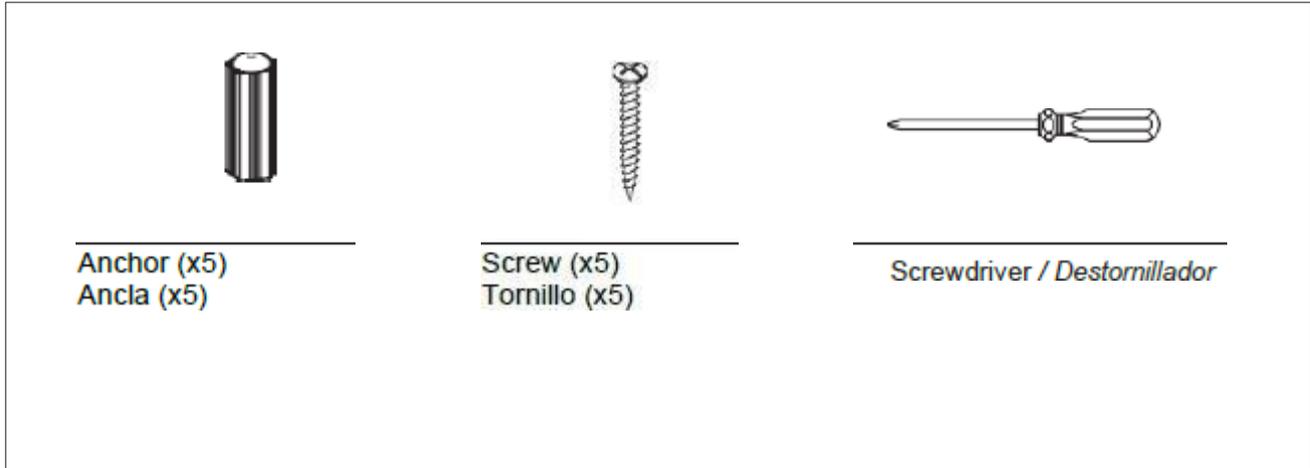

Continue tiling the wall leaving the groove required by the shelving utility knife. Leave to dry overnight.

Continúe alicatando la pared, dejando la ranura que marca la navaja. Deje secar toda la noche.

**INSTALLATION INSTRUCTIONS / INSTRUCCIONES DE INSTALACIÓN**

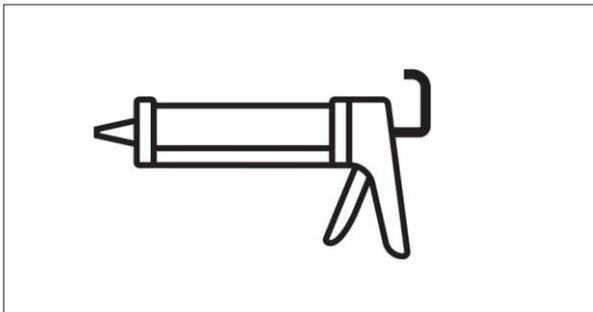

**5**

Attach the shelf to the wall using the provided mounting hardware (screws). Ensure the shelf is securely fastened to the wall and level in both directions. For additional support, construction adhesives can be used in conjunction with the screws.

Fije el estante a la pared utilizando la tornillería de montaje proporcionada (tornillos). Asegúrese de que el estante esté bien sujeto a la pared y nivelado en ambas direcciones. Para obtener soporte adicional, se pueden utilizar adhesivos de construcción junto con los tornillos.

**6**

Apply 100% silicon caulking (transparent recommended) around the perimeter of the shelf. Use a wet finger to smooth the bead. Clean up any excess caulk with a damp sponge. Any excess adhesive can be removed carefully with a utility knife. Leave to dry overnight.

Aplique sellador de silicona 100 % (se recomienda transparente) alrededor del perímetro del estante. Use un dedo húmedo para alisar el reborde. Limpie el exceso de sellador con una esponja húmeda. El exceso de adhesivo se puede retirar con cuidado con una cuchilla. Deje secar durante la noche.

**Note: / Nota:**

This product has been manufactured with a resin that protects the integrity of the marble and also serves as a sealer. Additional sealing is not recommended, as it may cause yellowing and uneven surfaces. Deviation from the manufacturer's instructions may void the product warranty.

Este producto ha sido fabricado con una resina que protege la integridad del mármol y además actúa como sellador. No se recomienda un sellado adicional, ya que puede provocar amarillamiento y superficies irregulares. El incumplimiento de las instrucciones del fabricante puede anular la garantía del producto.”

**CARE AND MAINTENANCE**

- Clean with ordinary household cleaner. We recommend a liquid, non – abrasive cleaner.
- Do not clean with abrasive implements (scouring pads or steel wool) as surface damage may result.
- Cleaners containing ammonia, bleach, or other harsh chemicals should be wiped up shortly after application as surface damage may result.

**CUIDADO Y MANTENIMIENTO**

- Limpie con un limpiador doméstico común. Recomendamos un limpiador líquido no abrasivo.
- No limpie con productos abrasivos (estropajos o lana de acero), ya que podría dañar la superficie.
- Los limpiadores que contienen amoníaco, lejía u otros productos químicos agresivos deben limpiarse poco después de su aplicación, ya que podrían dañar la superficie.

## ONE-YEAR LIMITED WARRANTY

### WHAT IS COVERED

Studio Design products are manufactured with superior quality standards and workmanship and are backed by our one-year limited warranty. Studio Design products are warranted to the original consumer purchaser to be free of defects in materials or workmanship. We will replace FREE OF CHARGE any product or parts that proves defective. Please call 1-877-675-0002 to report your damages/defects, a customer care representative will assist you with any replacement parts, or direct you to any Floor Décor retail stores for a full replacement. Proof of purchase (original sales receipt) from the original consumer purchaser must be made available for all Studio Design warranty claims.

### WHAT IS NOT COVERED

This warranty excludes incidental/inconsequential damages and failures due to misuse, abuse or normal wear and tear. This warranty excludes all industrial, commercial & business usage. Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you.

### CARE AND CLEANING:

- Use non – abrasive cleansers only
- NEVER SPRAY CLEANSERS DIRECTLY
- 

### NOTE

**STONE CHARACTERISTICS:** Natural stone exhibits color variations. It is possible that new and/or replacement pieces may not match existing pieces. Natural variations in color, grain, and veining are not considered defective and are excluded from the warranty. Factory applies a light sealer to our stone tops but this does not guarantee impermeability. It is recommended that customers clean all spills immediately.
