

WHERE STYLE MEETS PERFORMANCE

AC Rating – Laminate

The AC (abrasion class) rating measures laminate durability by simulating years of wear and tear. These samples depict how each AC rating handles 5,000 micro scratches.

AC3 Light Scratch Resistance  **AC4 Moderate** Scratch Resistance  **AC5 Heavy** Scratch Resistance

Wear Layer – Rigid Core Luxury Vinyl

A transparent protective film that defends against scratches, stain, and wear. The thicker the wear layer, the more durable the floor.

6mil Light Scratch Resistance **12mil Moderate** Scratch Resistance **22mil Heavy** Scratch Resistance **30mil Extreme** Scratch Resistance
