

THE FASTEST WAY TO TILE

No waiting, no adhesives, no problem

SIMPLICITY MEETS SPEED

Installing porcelain flooring has never been this quick or clean.
With Simplinstall, you can install faster - no glue, no mess.

WHY PEOPLE LOVE SIMPLINSTALL

· **Cleaner & Faster Install:** No mortar required!

· **Tool Light:** Less tools required than with a traditional tile installation.

· **No adhesives:** Thanks to its built-in rail joining system.

Versatile Installation: Suitable for above, on, and below-grade residential use.

· **Compatible** with underfloor heating.

Pet Proof: Resists staining caused by pet (domestic cat or dog) stains.

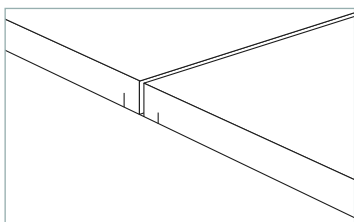

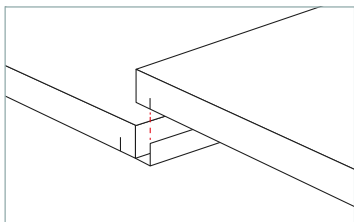

BUILT TO PERFORM

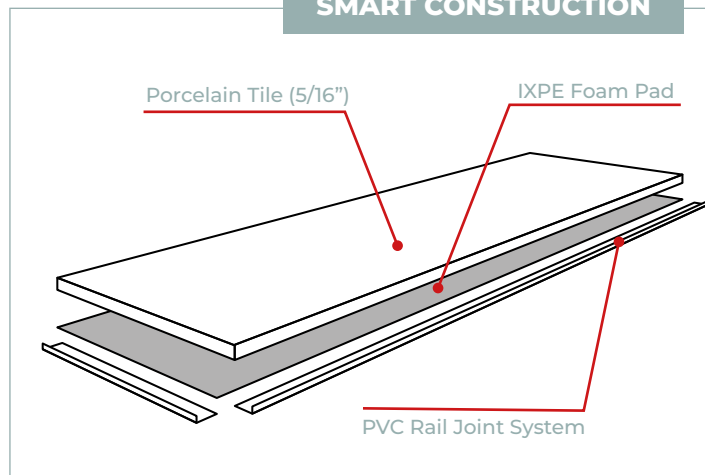

· **Waterproof.**

· **Dent, scratch and fade-resistant.**

· **Durable** like traditional tiling, with a faster and easier installation.

SMART CONSTRUCTION

Levelled floor is required.
If not, a self-leveler is recommended.
